

CURRICULUM VITAE

Falk Huettig

Date of birth:
18 May 1971 in Räckelwitz (Germany)

Contact:
Max Planck Institute for Psycholinguistics
P.O. Box 310
NL- 6500 AH Nijmegen
Falk.Huettig@mpi.nl
+31243521374

Current Positions

- W2 Senior Investigator, Max-Planck-Institute for Psycholinguistics, Nijmegen, Netherlands (since 2013)
- Honorary Professor, University of Kaiserslautern-Landau, Germany (since 2023)
- Invited Full Professor of Psychology, Department of Psychology, University of Lisbon, Portugal (since 2023)

Past Academic Chairs

- Full Professor of Psycholinguistics and Cultural Cognition, Radboud University, Nijmegen, Netherlands (2019-2024)
- Visiting Professor, Free University Brussels, Brussels, Belgium (2020)
- Adjunct Professor, Zhejiang University, Hangzhou, China (2019-2021)
- Visiting Professor, University of Hyderabad, Hyderabad, India (2013-2015)

Past Research Positions

- PI (Affiliated), Donders Institute for Brain, Cognition, and Behaviour, Nijmegen, Netherlands (2010-2022)
- Research Scientist, Max-Planck-Institute for Psycholinguistics, Nijmegen, Netherlands (2007- 2013)
- Post-doc, Department of Experimental Psychology, University of Ghent, Belgium (2005-2007)

University Degrees

- Venia Legendi (Psychology), Habilitation, University of Münster, Germany (2013)

- PhD (Psychology), University of York, England, Advisors: Gerry Altmann, Phillip Quinlan (2004)
- MSc by Research (Psychology), with distinction, University of Edinburgh, Scotland (2001)
- BSc Biological Sciences (Psychology), First Class (Honours), University of Edinburgh, Scotland (2000)

Selected Service

- Staff Representative of the MPI for Psycholinguistics in the Scientific Council ('Wissenschaftlicher Rat') and in the Humanities & Social Sciences Section ('Geistes-Sozial- und Humanwissenschaftliche Sektion') of the Max-Planck-Society (2009-2015)
- Member of the Ethics Commission of the German Linguistic Society ('Deutsche Gesellschaft für Sprachwissenschaft') DGfS (2012-2014)
- PhD Dean, Max-Planck-Institute for Psycholinguistics (2014-2022)
- President, Society for the Cognitive Science of Culture (2018-present)

Editing

- ***Editor-in-Chief:***
Journal of Cultural Cognitive Science (2017-present)
- ***Special Issue Editor:***
Brain Research (2022-present)
- ***Associate Editor:***
Frontiers in Cognition (2015-2018)
- ***Editorial Board:***
 - *Journal of Memory and Language* (2015-present)
 - *Journal of Cognition* (2017-present)
 - *Canadian Journal of Experimental Psychology* (2022-present)
- ***Special Issues:***
 - 30 years visual world paradigm: The state of the art *Brain Research* (2024)
 - Recent advances in prediction in language processing research, *Brain Research* (2021)
 - The literate mind, *Journal of Cultural Cognitive Science* (2021)
 - Where next? The future of embodiment research, *Journal of Cognition* (2020)
 - Effects of literacy on cognition and brain functioning, *Language, Cognition, and Neuroscience* (2018)
 - Relationships between language production and comprehension, *Journal of Memory and Language* (2016)
 - Visual search and visual world: Interactions among visual attention, language, and working memory, *Acta Psychologica* (2011)
- ***Edited Books:***
 - Mani, N. Mishra, R. K., & Huettig, F. (2018). *The Interactive Mind: Language, Vision and Attention*. Chennai: Macmillan.
 - Mishra, R. K., Srinivasan, N., & Huettig, F. (2015). *Attention and Vision in Language Processing*. Springer.

Selected Grants

- Max Planck Society Strategic Innovation Grant: “A longitudinal study of structural and functional brain changes in illiterate adults as they learn to read Hindi scripts” (2010-2014)
- MPG Strategic Innovation Fund grant: “The impact of literacy and numeracy acquisition on cognitive functioning in illiterate adults - A longitudinal approach” (2014-2017)

PhD Supervision

- **Susanne Brouwer** (awarded 2010; co-advisor: Holger Mitterer, MPI); Thesis: Processing strongly reduced forms in casual speech, Radboud University Nijmegen; (Top 3 of 2011 linguistics theses, short-listed for Anéla/AVT Dissertation Award of the Dutch Association of Linguistics and the Netherlands National Graduate School of Linguistics)
- **Joost Rommers** (awarded 2013; co-advisor: Antje Meyer, MPI); Thesis: Seeing what's next: Processing and anticipating language referring to objects, Radboud University Nijmegen; (cum laude, highest grade in Dutch system, top 10%)
- **Alastair Smith** (awarded 2015; co-advisor: Padraic Monaghan, Lancaster); Thesis: Modelling multimodal language processing, Radboud University Nijmegen; (cum laude, highest grade in Dutch system, top 10%)
- **Florian Hintz** (awarded 2015; co-advisor: Antje Meyer, MPI); Thesis: Predicting language in different contexts: The nature and limits of mechanisms in anticipatory language processing. Radboud University Nijmegen
- **Floor de Groot** (awarded 2016; VU Amsterdam; co-advisor: Chris Olivers, VU Amsterdam); Thesis: Looking, language, and memory: Testing a working memory model of language-attention interactions
- **Markus Ostarek** (awarded 2018); Thesis: Envisioning language: An exploration of perceptual processes in language processing, Radboud University Nijmegen; (cum laude, highest grade in Dutch system, top 10%)
- **Saoradh Favier** (awarded 2020; co-advisor: Antje Meyer, MPI); Thesis: Individual differences in syntactic knowledge and processing: Exploring the role of literacy experience, Radboud University Nijmegen
- **Gabriela Garrido** (current; co-advisors: Stephen Levinson, Penny Brown, Elisabeth Norcliffe, MPI); Provisional thesis title: The interface between sentence comprehension and dialogue in a Mayan language spoken in Mexico (Tzeltal)
- **Figen Karaca** (current, co-advisors: Susanne Brouwer & Sharon Unsworth, Radboud University); Provisional thesis title: Who Did What to Whom? An Investigation of Thematic Role Assignment in Turkish-Dutch Bilingual Children
- **Christopher Allison** (current, co-advisors: Thomas Lachmann, University of Kaiserslautern-Landau); Provisional thesis title: Assessing the Automaticity of Semantic Prediction

Selected Teaching

2024

- *Lab Rotation* Master Cognitive Science, (University of Kaiserslautern-Landau Germany)

2023

- *Methods “Resting EEG-based classification”* Master Cognitive Science, (Lehrauftrag TU Kaiserslautern, Germany)

2022

- *Methods “Resting EEG-based classification”* Master Cognitive Science, (Lehrauftrag TU Kaiserslautern, Germany)

2021

- *LET-REMA-LCEX29: Psychology of Language and Cultural Cognition* course, MA Research (Centre for Language Studies, Radboud University Nijmegen, Netherlands)
- *Lab Rotation Cognition and Knowledge Module*, Master Cognitive Science (with Beck, TU Kaiserslautern, Germany)

2020

- *LET-REMA-LCEX29: Psychology of Language and Cultural Cognition* course, MA Research (Centre for Language Studies, Radboud University Nijmegen, Netherlands)
- *Lab Rotation Cognition and Knowledge Module*, Master Cognitive Science (with Beck, TU Kaiserslautern, Germany)

2019

- *LET-REMA-LCEX29: Psychology of Language and Cultural Cognition* course, MA Research (Centre for Language Studies, Radboud University Nijmegen, Netherlands)
- *Summer school "LingPhil Summer School Svalbard"*, 18-22 June (Svalbard, Norway)
- *Lab Rotation Cognition and Knowledge Module, Master Cognitive Science* (with Beck, TU Kaiserslautern, Germany)

2018

- *Trends in Cognitive Neuroscience* course, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)
- *DGCN17: Sentence production and comprehension*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

2017

- *Trends in Cognitive Neuroscience* course, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)
- *DGCN17: Sentence production and comprehension*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

2016

- *Trends in Cognitive Neuroscience* course, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

- *HAC-B-086 Bachelor honours course "Eloquent apes: the astonishing human capacity for language"* (Radboud University Nijmegen, Netherlands)
- *DGCN17: Sentence production and comprehension*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

2015

- *HAC-B-086 Bachelor honours course "Eloquent apes: the astonishing human capacity for language"* (Radboud University Nijmegen, Netherlands)
- *Summer school "Language Science: Current Methods and Interdisciplinary Perspectives"*, 3 - 7 August (Radboud University Nijmegen, Netherlands)
- *Spring school "MILANGUAGE Spring School of Language"*, 27 May - 29 May (University of Milano-Bicocca, Milan, Italy)
- *DGCN17: Sentence production and comprehension*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

2014

- *Autumn school "Methods in language comprehension"*, 13 - 16 November (Rovereto, University of Trento, Italy)
- *Summer school "Function of attention in cognition"*, 30 June - 4 July (University of Leipzig, Germany)
- *DGCN17: Language and the brain*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

2013

- *DGCN17: Language and the brain*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

2012

- *DGCN17: Language and the brain*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)
- *MPsy1001: The psychological reality of language*, Master in Psychology (Georg-August-University Göttingen, Germany)
- *050031: Einflüsse der Alphabetisierung (der Lese- und Schreibfähigkeit) auf die Verarbeitung von gesprochener Sprache (Effects of literacy on spoken language processing)*, Bachelor in Linguistics (Ruhr University Bochum, Germany)

2011

- *DGCN17: Language and the brain*, MSc Cognitive Neuroscience (Radboud University Nijmegen, Netherlands)

Ten Representative Publications

Literacy:

- Araujo, S., Narang, V., Misra, D., Lohagun, N., Khan, O., Singh, A., Mishra, R. K., Hervais-Adelman, A., & Huettig, F. (2023). A literacy-related color-specific deficit in

- rapid automatized naming: Evidence from neurotypical completely illiterate and literate adults. *Journal of Experimental Psychology: General*, 152(8), 2403-2409.
- Huettig, F., & Ferreira, F. (2023) The myth of normal reading. *Perspectives on Psychological Science*, 18(4), 863-870.
 - Hervais-Adelman, A., Kumar, U., Mishra, R., Tripathi, V., Guleria, A., Singh, J. P., & Huettig, F. (2022). How does literacy affect speech processing? Not by enhancing cortical responses to speech, but by promoting connectivity of acoustic-phonetic and graphomotor cortices. *Journal of Neuroscience*, 42(47), 8826-8841.
 - Van Paridon, J., Ostarek, M., Arunkumar, M., & Huettig, F. (2021). Does neuronal recycling result in destructive competition? The influence of learning to read on the recognition of faces. *Psychological Science*, 32, 459-465.
 - Fernandes, T., Arunkumar, M., & Huettig, F. (2021). The role of the written script in shaping mirror-image discrimination: Evidence from illiterate, Tamil literate, and Tamil-Latin-alphabet bi-literate adults. *Cognition*, 206: 104493.
 - Smith, A. C., Monaghan, P., & Huettig, F. (2021). The effect of orthographic systems on the developing reading system: Typological and computational analyses. *Psychological Review*, 128(1), 125-159.
 - Hervais-Adelman, A., Kumar, U., Mishra, R. K., Tripathi, V. N., Guleria, A., Singh, J. P., Eisner, F., & Huettig, F. (2019). Learning to read recycles visual cortical networks without destruction. *Science Advances*, 5(9): eaax0262. doi:10.1126/sciadv.aax0262.
